

# Teddy Geiger, Great Escape

You promised me you'd always be around  
To pick me up when I run down  
To help me when my day is busted  
But there's no one now who can be trusted  
Are you ever coming back or is nothing built to last  
isn't it something how you vanished in the haze  
isn't it something how you left me in your way  
when you made your great escape  
I always thought you'd always be around  
but i'm the fool who thought you'd never let me down  
were you trapped inside a cage planning your get away  
isn't it something how you vanished in the haze  
isn't it something how you left me in your way  
when you made your great escape  
when you made your great escape  
when you made your great escape
