

# Teddy Thompson, I Wish It Was Over

I wish it was over  
I wish we were through  
I wish when my phone rang  
It wasn't always you

I don't even like you  
Or can't you tell  
Whenever I'm sober  
I treat you like hell

I wish it was over  
I wish it was over  
I wish it was over

If I could be stronger  
And not so weak  
Instead of just thinking  
Maybe I could speak

I don't think you're special  
You're certainly not smart  
This being together  
Is tearing me apart

I wish it was over  
I wish it was over  
I wish it was over

I wish it was over
