

# Teenage Fanclub, Don't Hide

Don't hide who you are  
Don't hide who you are  
Why dim your own star?

Your eye can see far  
Your eye can see far  
Why dim your own star?

Decide where you are  
Decide where you are  
Why dim your own star?

Your light can shine far  
Your light can shine far  
Why dim your own star?

I didn't know that my life was wrong  
Until the right person came along

I didn't know that my life was wrong  
Until the right person came along

I didn't know that my life was wrong  
Until the right person came along
