

# Teenage Fanclub, Life's A Gas

I could've loved you girl like a planet  
I could've changed your heart to a star

It doesn't matter at all,  
It doesn't matter at all,  
'Cause life's a gas

I could've built a house on the ocean  
I could've placed a ? in the sky

It doesn't matter at all,  
It doesn't matter at all,  
'Cause life's a gas

It doesn't matter at all,  
It doesn't matter at all,  
'Cause life's a gas
