

Teenage Fanclub, Personality Crisis

Well we can't take it this week
and her friends don't want another speech
hoping for a better day to hear what she's got to say
all about that Personality Crisis you got it while it was hot

but now frustration and heartache is what you got
(that's why they talk about Personality)
But now your tryin to be some no you got to do some
wanna be someone who cow wow wows
but you think about the times you did, they took every ounce

when it sure got to be a shame when you start to scream and shout
you got to contradict all those times you were butterflyin' about
you were butterflyin' all about that
Personality Crisis you got it while it was hot
but now frustration and heartache is what you got

And you're a prima ballerina on a spring afternoon
change on into the wolfman howlin' at the moon
hooowwwl
all about that Personality Crisis you got it while
it was hot
but now frustration and heartache is what you got

now with all the crossin fingers that mother nature says
your mirrors get jammed up with all your friends
that personality everything starts to bend
Personality when your mind starts to bend
of a friend, of a friend

Personality wondering how celebrities ever met
look and find out on television
Personality Crisis you got it while it was hot
frustration and heartache is all you got don't you worry

Personality Crisis please don't cry
it's just a Personality Crisis please don't stop
because you walk a Personality
talk a Personality
