(Verlaine)

We shuffled our faces laughin' like fish
Really flip flappin' we had not wish
You said, "Look! The ceiling is down."
You said 5 times with that beautiful frown
Adventure I love Adventure
Adventure I need a new Adventure now
We laugh and we dance where the river once ran
Blinkin' our eyes and wavin' our hands
We jump in the water that never makes sense
So full of glee and so full o' suspense
Adventure
Air couldn't touch us as we lay on the wall...
Watchin' a play never playin' at all
Movin' through what we could not resist
Moved by a hand that was never a fist
Adventure
