

# Television, Rhyme

(Verlaine)

Lonely man  
in a lonely town yeah  
Key words: overseas factor  
Heavy duty  
Love you baby  
Now I'm ready  
I'm ready for the duty  
Love is calling upon us to perform  
And as I take in your sweet perfume  
Love is waiting... love  
Overseas factor  
Heavy duty  
I wonder if we're gonna vibrate close  
You know...  
I mean...  
Will our vibrations, our vibrations, be close?  
Like a couple of words...  
You know... how they make a rhyme?  
Love you baby.....love  
Love you baby.....love  
That old blue dress...  
It's about wore out  
But you look so good and happy  
I could just...  
I could scream and shout  
Love you baby... love  
Overseas factor  
Heavy duty  
Heavy duty  
Love... baby  
Key words:  
Lonely man lonely town  
Love,  
I could feel...  
I could feel...  
I could feel it...  
Feel it...  
Love..  
Love you so...  
Love you so
