

Tenth Avenue North, Beyond words

well if you only knew the pain that ive been through
since when did it become all about you
as you can see from the start ive said the truth
but if the truth means nothing to you
then what am i supposed to do?
and ill still love you
beyond what words will say
ill take your every suffering moment
and bring a better day
ill still love you
more then what i hope to be
let me wrap my arms around you
let me take your breath away
and every time i ask
you assure your doing fine
but your heart looks good by smiling
you couldnt fool mine
by the end of the night your pilliow sits to dry
in a crowded room your singing
on the inside you cry
and ill still love you
beyond what words will say
ill take your every suffering moment
and bring a better day
ill still love you
more then what i hope to be
let me wrap my arms around you
let me take your breath away
in a ball room there is dancing
in a forest there are trees
in a child theres a hope
that keeps him in believe
with any star there is a sky
with any beach theres a sea
with any love song theres a lover
and in your heart i hope its....
and ill still love you
beyond what words will say
ill take your every suffering moment
and bring a better day
ill still love you
more then what i hope to be
let me wrap my arms around you
let me wrap my arms around you
let me wrap my arms around you
let me take your breath away
