Giorgio, you know  
I've got Greek music on my mind

And the birds up in the sky  
And the fish in the sea  
And the lovers in the night  
Sing your song, sing your song

And the wind around the tree  
And the flowers in the sand  
And the moon above the isle  
Sing your song

Giorgio, you know  
I've got Greek music on my mind

And the birds up in the sky  
And the fish in the sea  
And the lovers in the night  
Sing your song, sing your song

And the wind around the tree  
And the flowers in the sand  
And the moon above the isle  
Sing your song

Giorgio, you know  
I've got Greek music on my mind
