

The 1975, Give Yourself A Try

You learn a couple things when you get to my age
like a friends don't lie and all tastes the same in the dark
when your vinyl and your coffee collection is a sign of times
you're getting spiritually enlightened at 29

so just give yourself a try
won't you give yourself a try
won't you give yourself a try
won't you

I found a grey hair in one of my zoots
like context in a modern debate I just took it out
the only apparatus required for happiness is your pain and fucking going outside
and getting STD'a at 27 really isn't the vibe
jane took her own life at 16
she was the kind who had the box tattooed on her arms
and I was 25 and afraid to go outside
a millennial that baby-boomers like

won't you give yourself a try
won't you give yourself a try
won't you give yourself a try
won't you

and what would you say to your younger self?
growing a beard's quite hard
and whiskey never starts to taste nice
and you'll make a lot of money and it's funny
cause you'll move somewhere sunny and get addicted to drugs
and spend obscene amounts n fucking seeds and beans online

so just give yourself a try
won't you give yourself a try
won't you give yourself a try
won't you
