

# The Ancient's Rebirth, Velvet Chains

Watch the ravens in the sky prepare for my return  
Greet my arrival with knowledge  
And on the wings of the storm  
I come riding in the dark  
On the back of my great black horse  
Followed by wolves and entities  
All of the darkest breed

Come to me so that we through magic can unite  
Unite and haunt as one  
Together reach the highest level tear down and break the stones  
Come to me you whos blood run in my veins  
Who in fire the flame  
Come caress me with your velvet chains

So in the morning mist we hide  
As lovers we embrace each other fiercely  
Generating powers and so my pale enchantress dance for me  
Dance with blasphemous grace - snare my flesh

Drain the portal in blood  
Snatch the treasures of eden  
Shred them crush them  
Render their bones to dust

In our unity we'll abolish the denial and the sin  
Tear down and break the stones  
Come to me you whos blood runs in my veins  
Who is fire the flame  
Come caress me with your velvet claws
