The Ataris, Perfectly Happy

"Won't be another statistic Won't be a minority I'll achieve every goal I have There's not a thing that I can't be Just as long as I am happy, That's all that matters to me

I'll walk away from this place On that unhappy day that I have to follow rules This so-called book you go by was written for a fool

Maybe now you understand life from my point of view I've got my head on straight but have no urge to be like you Oh sure I strive for a better life But is that so fucking wrong?

Change in my pocket, Girl by my side, perfectly happy"
