

The Bates, It's Getting Dark

It's getting dark again
And I'm feelin' good again
The night it comforts me like wine
And it takes me out again
To look for you my friend
There where the bright big city lights shine
And I wander through the sky
And hold my head up high
And I meet you 'round the bend
And that old feeling is back
Breaks my heart and breakes my neck
Don't wanna get it to an end
But the sun goes up again
Don't wanna get it to an end
The night it comforts me like wine
It will take me out again
To look for you my friend
There where the bright big city lights shine
