

The Beach Boys, I Went To Sleep

Brian Wilson & Terry Sachsen (Irving Music)

I know so many people who think they can do it alone

They isolate their heads and stay in their safety zones

Now what can you tell them

And what can you say that won't make them defensive

I know there's an answer

I know now but I have to find it by myself

They come on like they're peaceful

But inside they're so uptight

They trip through their day

And waste all their thoughts at night

Now how can I come out And tell them the way that they live could be better

I know there's an answer

I know now but I have to find it by myself

Now how can I come on

And tell them the way that they live could be better

I know there's an answer

I know now but I have to find it by myself
