The Beastie Boys, Something's Got To Give

I wish for peace between the races

Someday We shall All be One

Why fight yourself

This one is called "rectify"

There's something coming to the surface There's fire all around But this is all illusion

I've seen better days than this one I've seen better nights than this one Tension is rebuilding Something's got to give Something's got to give

Someday We shall All be One

Jesus Christ we're nice
