

# The Beautiful Mistake, Silence

Wait awhile for me. Because I am just not ready.  
I beg to see your face.  
But all I see and all I hear is nothing. Nothing.

Where did you go? Far away?  
'Cause I can't see your face here.  
Where did you go? Far away?

I have been here!  
Where did you go? Far away?  
'Cause I can't see your face here.  
Where did you go? Far away?  
'Cause I can't see your face here.

Halle, Halle, Hallelujah.  
Salavation came and brought me in.  
Brought me and gave me life.  
Brought me in and it felt so right.  
Halle, Halle, Hallelujah.  
Salavation came and brought me in.  
Brought me and gave me life.  
Brought me in and it felt so right.
