

The Beautiful Mistake, Wide-Eyed And Wasted

Get me through, through tonight
Just a taste, let it be sleepless nights
You and me, eyes are wide
Out of line, I'm alive
Right now , we'll get through this
We always do, try to drive

All the doubt, from my mind
Sit here and suck it up
And leave the day behind

I'm nothing but tired
I'm nothing at all
I'm nothing but broken
I'm ready to fall

Comfort and confidence
I am bound
This is the only thing I can feel
Something to guide me here
This will be all that I ask of you
It's all I pray when will I
Get that my life
Is not something that means a thing
I've blown it all away

I'm nothing but tired
I'm nothing at all
I'm nothing but broken
I'm ready to fall

I turn to you
I burn for you (x2)

I'm nothing but tired
I'm nothing at all
I'm nothing but broken
I'm ready to fall
