

The Bella Cullen Project, Emily

Emily,
Dont you know you stole my man
Emily,
I thought you were my friend
Emily, Emily
The scars on your face
Do not compare to the ones left on my heart
Emily
Dont know how you stand to smile around me
Oh Emily,
You stole everything from me just cause of destiny
I dont want to hear you say my name anymore
Emily
Emily
I hope that you and Sam are happy,
But that dont mean I am
Emily
Dont invite me to the wedding
Unless you really want to see me cry
Emily
