

The Bella Cullen Project, Switzerland

VERSE 1:

Jacob, please don't go
I love you, I do
I'd follow your tracks through the snow
just to find you, it's true

CHORUS:

'Cause I am Switzerland
The neutral starts here
I'm gray matter
Between a field of red
and a river of sun
I'm content to be the middle of
my two loves

VERSE 2:

Edward, can't you see?
I'd die without you here.
I'd cease to exist
So never let me go, hold me so dear
I know you'll always be here

CHORUS

BRIDGE:

Why can't I love both?
Why do I have to choose?
They're both a part of me
and now they're both singing the blues

CHORUS [x2]
