

# The Black Angels, Don't Play with Guns

Now Josephine, she was a loner  
Her fortune of incredible lies  
Her problems are now your problems  
I hide a gun until the day she dies

She said don't play with guns  
Don't play with guns  
Don't play with guns  
Don't play with guns

Now Angie, she was a demon  
She had six ? and Lucifer eyes  
She always had its glow  
And always made me flow

Don't play with guns  
Don't play with guns  
She said don't play with guns  
Don't play with guns

This promise, love and all things go  
From my love  
She said please be kind and  
Please be brave and kill for fun

Don't play with guns  
Don't play with guns  
She said don't play with guns  
Don't play with guns

She lays down with a revolver  
She's so cold, my

Don't play with guns  
Don't play with guns  
She said don't play with guns  
Don't play with guns
