

# The Black Crowes, Greasy Grass River

Written by: R. Robinson & C. Robinson

Now I'm swimming in the greasy grass river  
On my way to the black pearl sea  
Yeah I'm floating down the greasy grass river  
Come one child come with me  
Life is so easy on greasy grass river  
Just take my hand and we can pretend to be free  
You wanna be  
Free  
Come on with me

Take me down to the greasy grass river  
Wash my hands where the water is clean  
Lay me down by the greasy grass river  
And unfold my mystery  
The greasy grass river has water that whispers  
Let's listen closely while  
She says she wants to be free  
You wanna be  
Free  
You know what I mean?

Outro:  
I'm out of my pocket and I'm out on my mind  
I'm out of my pocket and I'm out on my mind  
I'm out of my pocket and I'm out on my mind  
I'm out of my pocket and I'm out on my mind
