

The Black Crowes, Ozone Mama

Written by: R. Robinson & C. Robinson

It's a trip y'all
Git hip to this y'all
It will git y'all
Make ya flip y'all
Gonna hit y'all
Never quit y'all
Right in the middle of our minds
The bug that bit y'all
Make ya itch y'all
Inch by inch y'all
Til your tall y'all
See it all y'all
Near and far y'all
We won't ever let it drag
This funny feeling got me reeling
Like I'm walking on the ceiling
Do it to me now

Chorus:
Ozone mama lay your daddy down
Under the stars right down on the ground
Mother nature got me thinking
'Bout the love that you've been bringin'
Do it to me now

C'mon the ride y'all
We provide y'all
It's like this y'all
Never miss y'all
Git up and go y'all
Ya never know y'all
We be the bottom of your bag
Give a call y'all
Anytime y'all
Don't be slow y'all
Ya gotta know y'all
On with the show y'all
Bring it all y'all
We don't ever have to brag
Well you got this poor boy thinking
From your cup I've been drinking
Do it to me now
