

# The Business, No Time 4 U

We grew up together when we were only kids  
Fighting against a world that didn't really exist  
Don't know where it went wrong  
And I don't know who to blame  
NO TIME FOR YOU NOW  
STILL WE CARRY ON  
NO TIME FOR YOU NOW  
STILL WE CARRY ON  
NO TIME FOR YOU NOW  
STILL WE CARRY ON  
Nestling on your pedestal low as low can be  
The streets where we came from is where I wanna be  
A rumour here a rumour there this time you're gonna fall  
Time has passed the youth has gone you didn't get the call
