The Byrds, Don't Doubt Yourself, Babe

Don't doubt yourself, babe
Let your feet stand up for your beliefs, babe
I know what's running through your mind
You think you ought to capture time
Make love, walk the straight and narrow, oh oh

Don't doubt yourself, gal
Let what's inside be your guide, you know darn well
For all the wrong that's been done to you
It's making you pretty so don't be blue
The life you live and what you've been through, you're lucky, oh oh

Don't doubt yourself when
Daylight fades and darkness begins
It's only come to show you that
You're the one who knows where it's at
The rest who think they've got it pat know nothing, oh oh

Don't doubt yourself, 'cause
At the end of your words no one applauds
The truth is proven to be found
Hard to take the first time around
So don't you worry, it's gonna be alright, oh oh
