## The Byrds, I See You

Written by McGuinn-Crosby

I see you Under there behind your hair Everywhere, I see you

I see you Turned on eyes can't tell lies Empathise, I see you Warm sliding sun through the cave of your hair Wind washing fields kind of space living there I see you

I know you Met before, seventh floor First world war, I know you

Who lives there? Tell old fair I'm aware That she cares, who lives there?

Green specks bright spiralling out in the sky Catch my mind, turn my head, have to look, don't know why Who lives there?

We thought how For a while they just smile Just a silent thought

I see you Sun is there behind your hair Everywhere, I see you I see you

Many thanks to Christian Henriksson for the above lyrics!
