

# The Calling, If Only

What's the way of love?  
Tell me your fiction  
Tell me your lies  
Say to me now, you'll never forget this night  
I'm feeling emotionless  
My head's so clear  
My enemies aren't, the ones I fear  
You know your kiss confuses  
This troubling soul  
And I found out  
That we're all breaking hearts  
That we're all broken hearts

(CHORUS:)  
If only love could find us all  
If only hearts didn't have to fall  
We can't mislead to make things right  
So instead we'll sleep alone tonight

What's the way of love?  
You are thinking I'm crazy  
But you're blushing of lust  
I've heard a lot of nice things,  
but tell me which ones I'm to trust?  
These walls we made are glass  
And they have been known to crack  
But until then  
You'll keep pushing my way  
And I'll keep pushing you away

(CHORUS)

Well, if you want to take a chance  
And try to make things right  
You better have a reason to be loved  
We all want something more  
And it is worth fighting for...

(CHORUS)

And if somehow fate were in my hands  
Would it be enough to understand  
Why we feel lost in a world so small  
If only love could find us all...
