

The Chameleons UK, Lufthansa

I'm in a spin
I won't let this darkness in
Turning around
Grinning as I leave the ground
Wanting it all
I'm tearing right through that wall
Once and for all
I'm tearing right through that wall
Taking it out

A little rain's going to keep on falling on me
I'm going to keep on calling to you
A little rain's going to keep on falling on me
I'm going to keep on calling to you
I'm going to keep on calling to you
I'll keep on calling to you

I'm in a spin
Spinning at the speed of sound
I'm in a spin
Hanging with the lost and found
I'm on fire
Rushing all the way to you
I'm on fire
Rushing all the way to you
Checking it out

A little rain's going to keep on falling on me
I'm going to keep on calling to you
A little rain's going to keep on falling on me
I'm going to keep on calling to you

I'm going to keep on calling to you

A little rain's going to keep on falling on me
I'm going to keep on calling to you

A little rain's going to keep on falling on me
I'm going to keep on calling to you
A little rain's going to keep on falling on me
I'm going to keep on calling to you
(A little rain's going to keep on falling)

I'm on fire
Beside you
I'm on fire
Beside you
I'm on fire
Beside you
Beside you
Beside you
Beside you
Beside you
Beside you
I'm on fire
