

The Charlatans, Come Home Baby

Joy, it's such a joy
Watching this smile on your face
You love get up at my face
Working through the solution for you and for me
Nothing between will it be

Come home baby
Come home baby
Kiss me gentle
A can wait
No hesitate – lets be together

Word can mean anything
Watching you step in time
Living the back days behind
No-one can take your place
Maybe a mouth of
Maybe a mouth of my

Come home baby
Come home baby
Kiss me gentle
A can wait
No hesitate – lets be together
