

# The Chemical Brothers, We've Got To Try

I Know we can make it girl,  
Yes I know we can make it girl,  
If we just try,  
We've got to try,  
Got to find a way to me baby

Got to find a way to me baby!  
Got to find a way to me baby!

I Know we can make it girl,  
Yes I know we can make it girl,  
If we just try,  
We've got to try,  
Got to find a way to me baby

Got to find a way to me baby!

I Know we can make it girl,  
Yes I know we can make it girl,  
If we just try,  
We've got to try,  
Got to find a way to me baby

Got to find a way to me baby!  
Got to find a way to me baby!  
Got to find a way to me baby!
