

The Crystals, There's No Other (Like My Baby)

There's a story I want you to know
'Bout my baby - how I love him so.
There's no other like my baby, no, no, no, no.
I wanna tell you now -
There's no other, don't mean maybe, no, no, no, no.

Walkin' down the street in a crowd
Looking at my baby, feeling so proud.
There's no other like my baby, no, no, no, no.

While at at a dance, my baby by my side
He whispers to me someday I'll be his bride.
There's no other like my baby, no, no, no, no.
Johnny - no, no not like my baby
Billy - no, not like my baby
Bobby - he's not like my baby
I wanna tell ya now -

There's no other like my baby, oh no.
