

# The Cure, I Just Need Myself

I know that I don't love you  
But I tell you that I do  
But I only buy you flowers  
If I want anything from you  
You say that if you'll leave me  
It will put me on a shelf  
But I don't need you girl  
I just need myself  
I just need myself  
You trust in all my lies  
You'll believe it when you see it  
be forever  
So you let me have my way  
But I'll make it that I'll leave you  
'Cos I just need myself  
I just need myself  
I know that I don't love you  
But I tell you that I do  
But I only buy you flowers  
If I want anything from you  
You think that if you'll leave me  
It will put me on a shelf  
But I don't need you girl  
I just need myself  
I just need myself  
I just need myself  
I just need myself  
I just need...
