The Doors, Crossroads

Woke up this morning Got the crossroads on my mind. Well I woke up this morning Got the crossroads on my mind. Take a walk with me And everything will work out fine. Well I woke up this morning Got the judgement on my mind. Well I woke up this morning Got the judgement on my mind. Take a walk with me And everything will work out fine. Well I woke up this morning Got the H-bomb on my mind. Well I woke up this morning Got the H-bomb on my mind. Take a walk with me And everything will work out fine. Woke up this morning Got the crossroads on my mind. Well I woke up this morning Got the crossroads on my mind. Take a walk with me And everything will work out fine. Woke up this morning Got nothing on my mind. Well I woke up this morning Nothing on my mind. Take a walk with me And everything will work out fine.
