

The Exploited, Porno Slut

I watch you on my tv screen
My mind's in overdrive
You're being whipped, your arse is red
Being suspended by your breasts
I love you, I love you
My little porno slut
I love the smell of leather
You're my mistress of the night
I really want to own you
You body soul and mind
I love you, I love you
My little porno slut
Nipple clamps bite your skin
But your pain turns me on
Pubes are shaved
Your cunt is pierced
But it's your face i love the most
I love you, I love you
My little porno slut
Lying on your bed
Legs spread wide
Dildo in between your legs
Now she makes you beg
