

The Fall, Putta Block

What a dynamic entrance

Put a block on the words
This I hear on a train
We had salmon on a bus
At Epsom no races lost
We don't bet we just take ('tec)

Put a block on the words
Got no check on the world
Go and put a block on the works
Listen boys and girls
Just closer
On the (clommererds)
Just close off the words
Put a block on the words

The nine unknown men knew this
Three sorts
The first: along Louie's life
The second: the complete restructure of your pretentious life
Three: the only reason you know this
Is that it was well documented
But I say

Put a block on the words

Here's an independent chart moneyspinner
For all you people who've come a long way
Me and the guys played this for charity for spastics
We played it 10000 times
And raised 5 shillings and 7 and a half pence for charity

Cary Grant's wedding
Hail new puritan, righteous maelstrom
Have you ever heard a Bill Haley LP
What is this shit?
Everybody go Cary Grant's wedding
