

# The Goo Goo Dolls, Artie

Walking over the same old grass  
Trying to stay on the beaten path  
I don't need to apologize  
For the things I don't recognize

Artie, take a look at me  
may not wanna think about all the little things  
That piss you off about me

Hey there man  
I didn't trash your can  
But I'll apologize for all the little things  
That piss you off about me

Walking over the same ole ground  
Thinking bout all the things we found  
I don't wanna let it bring me down  
I'm up and out of this dirty town

Artie, take a look at me  
Might not wanna think about all the little things  
That piss you off about me

Walking over the same ole grass  
Trying to stay off the beaten path  
I don't need to apologize  
For the things I don't recognize  
Walking over the same ole ground  
Thinking bout all the things we found  
I ain't gonna let it bring me down  
I'm up and out of this dirty town
