

The Good, The Bad and The Queen, Kingdom Of

Friday night in the Kingdom of Doom
Ravens fly across the room
All in now there's a noise in the sky
Following all the rules and not asking why
And when the sunset world begins
Turning into the night I see everything in black and white and then
Drink all day 'cos the country's at war
You'll be falling on the palace floor
I can't be anymore than I see
In the flood get washed away
When the sunset world begins
Turning into the night I see everything in black and white and then
A love song for the collaboration you and me will never be and then
We'll let it flow away
