

The Hollies, What To Do

(Holly)

What to do now that she doesn't want me?

That's what haunts me

What to do?

What to do to keep from feeling lonely?

Want her only.

What to do?

The record hops and all the happy times we had.

The soda shop, the walks to school now make me sad.

Oh, what to do? I know my heart is showing,

still not knowing

what to do.

(repeat)

What to do?

What to do? (to do, what to do, what to do) x8
