

# The Innocence Mission, Martha Avenue Love Song

Walking through the world, walking under trees.  
Many things that only you and only I have seen.  
When you say Oh look and see,  
then there is the sky, five o'clock in winter  
when the pink and green arrive.

Now we're blown around. And I can't let you down,  
my sun and my sweetest sound.  
Oh you are my friend, oh you are my friend.
