

# The Jacksons, It All Begins And Ends With Love

The joy you bring to me each day  
Makes loneliness seem far away  
It all begins and ends with love

Each time you're near I feel so good  
I'm touching stars I never could  
It all begins and ends with love (yes it does, baby yeah)

(an old man smiles) at children's songs  
(you and me) singing right along  
(reaching out)tuning in (tuning in)yeah  
Listen to the world begin  
Listen to the world begin

Of all the things I've ever done  
Just knowin' you is number one  
It all begins and ends with love

Ooh baby  
(look at me) look at me  
Me and you  
Together we can prove it's true  
It all begins and ends with love  
Baby, baby, baby  
It all begins and ends

It all begins and ends with love  
It all begins and ends with love and you
