

The Katies, Tappin' Out

(verse)

Wanna be there when you're coming down too
Should've been there when you were screaming out
Wake up Suzi, you're coming down

(chorus)

You've been laughing I've been tappin out
Been tappin, tappin out a super hit song
Gonna play it over and over

(verse)

Paranoia coming for the mind to be okay
You were open up to it dear wouldn't you
To you, to you
