

The Kelly Family, Fathers Nose

Dodo, dodo, dodo, dodo
Dodo, dodo, dodo, dodo
La da da da da da
Every baby needs a mama, needs a papa
Close at hand
Every baby needs a mama, needs a papa
To hold their hand
I look in the eyes
Of a beautiful child
They tell me more than words
He reaches his hand
And cries for something
Oh I'll give him all I have
Every baby needs a mama, needs a papa
Close at hand
Every baby needs a mama, needs a papa
To hold their hand
Birdies on the window
See the birdies on my window
If I could fly oh babe
then I would fly, ooh ooh oh
Believe in me, yeah
I'm holding his hand
And giving my love
Through happiness and sorrow
And in no time
He'll be a big boy
Oh what a wonder of love
Every baby needs a mama...
Close at hand
Oh little baby you're not alone
