

The Kingston Trio, Interchangable Love

You love me for lovin' you,
You are you because I do.
I love you for lovin' me
And I am me because you do.
So much with us in love are we:
I could be you and you could be me.

You kiss me for kissin' you,
You are you because I do.
I kiss you for kissin' me
And I am me because you do.
So much in love with us are we:
You kiss you and I kiss me.
