

# The Knocks, Nobody But Me (ft. Cold War Kids)

There's a certain type of love that scares you  
There's a place you need to go  
To play it safe, to hide away is a luxury you can't afford

Now that you've lifted yourself higher  
What do you have to show  
It keeps rolling 'round in your mind  
I bet it will come knocking on your door

Nobody but me  
I've got money in my pocket  
I've got the house in the hidden hills  
But until I find someone to share it with  
Who cares?  
I've got all my shit together  
But nothing lasts forever  
Until I find someone to share it with  
Who cares?  
Who cares?  
Nobody but me

Will I find someone to share it with?  
Who cares?

So you can live off the grid on a private island  
Sun and sand and drink in hand  
This fantasy will end in silence  
Wish I could go back again  
Who cares?  
Find someone who cares

Nobody but me  
I've got money in my pocket  
I've got the house in the hidden hills  
But until I find someone to share it with  
Who cares?  
I've got all my shit together  
But nothing lasts forever  
Until i find someone to share it with  
Who cares?  
Who cares?  
Nobody but me

What am I working so hard for?  
To fill my lonely days  
Wake up in the middle of the night in a cold sweat  
I need to see your face

Nobody but me  
I've got money in my pocket  
I've got the house in the hidden hills  
But until I find someone to share it with  
Who cares?  
Nobody but me  
I've got all my shit together  
But nothing lasts forever  
Until I find someone to share it with  
Who cares?  
Who cares?  
Nobody but me

Until I find someone to share it with  
Who cares?  
Nobody but me
