

The Kooks, Gap

So put a spanner in the works
of your mind
It's easier to work
But I don't mind

You're better in defeat so
Just don't try
to take away all the things I did in my life

I have to break down all
The corners of the world
Don't heap this praise on me
I know I don't deserve it
What's all this I see?
You're leaving right beside me
And I miss you
and I need you
And I do

But don't go
Take my love
I won't let you
I'm saying please don't go

Leave your lover now
It's your turn
And see your mother now
I hope she's ok
Your better in defeat so
let's not try
to take away all the things so dear in our lives

I have to break down all
The corners of the world
Don't heap this praise on me
I know I don't deserve it
What's all this I see?
You're leaving right beside me
And I miss you
And I need you
And I do

But don't go
Take my love
I won't let you
I'm saying please don't go

All of my life
Tried to understand
All of my life
Tried to hold it in hand

I have to break down all
the corners of this world
Don't heap this praise on me
I know i don't deserve it
What's all this I see?
You're leaving right beside me
And I miss you
And I love you
And I do
