## The Kovenant, Spaceman

Pungent smells they consummate my home Beyond the black horizon

Trying to take control

See my girl she shivers in her bones

The sun and zenith rising

Trying to take us all

There's a fire between us

So where is your God

There's a fire between us

I can't get off the carousel

I can't get off the carousel

I can't get off the carousel

I can't get off this world

The sickening taste

Homophobic jokes

Images of fascist votes

Beam me up 'cause I can't breathe

Spaceman I've always wanted you to go

Into space, man

I can't get up, I can't get up

It's time to terminate

the great wide world

Morbid fascinations

television takes control

Decimation different races fall

Electronic information

tampers with your soul

There's a fire between us

So where is your God?

There's a fire between us

I can't get off the caruosel

I can't get off the carousel

I can't get off the carousel

I can't fall off this world The sickening taste

Homophobic jokes

Images of fascist votes Beam me up 'cause I can't breathe

Spaceman I always wanted you to go

Into space man

Spaceman I always wanted you to go

Into space man
