The Magnetic Fields, Acoustic Guitar

Acoustic Guitar, I'm gonna make you a star, Get your picture all over the world

Acoustic Gutiar, You can have your own car, Just bring me back my girl

She always loved the sound of your strum You made her think, maybe, I wasn't so dumb She tends to faint at the sound of a drumb Cuz she's focused and planned, maybe she'll come

Acoustic Gutiar, how lovely you are With your inlays of mother of pearl Be a good gutiar and you could go far Just bring me back my girl

She always said that you were the one That could make her move her cute little bum You understand where she's coming from Which I obviously don't, or she wouldn't be gone

Acoustic guitar, if you think I play hard Well you could of belonged to Steve Earle Or Charo OR GUAR, I could sell you tomorrow

So bring me back my girl You'd better bring me back my girl
