## The Mighty Mighty Bosstones, Bronzing The Garl

You're off base out of line and in my face brace yourself - I'm coming through and before you know what's hit you you'll have heard my point of view trash is trash have I got your attention? there's more that you should know there's more I've got to mention you've got to let it go I was a child, another time another place only a child would carry this so far you're still in my face I held it back, I was afraid didn't want to blow your cover but I was on to your charade trash is trash have I got your attention? There's more that you should know there's more I've got to mention you've got to let it go bronzing the garbage there was a time I was impressed through all the garbage it's still not you that I detest I hate the way you can't forget, I hate it so bronze what you want but you've got to let it go have I got through? have I got through to you? gave it a shot - finally got to state my case if you've heard nothing, please hear this don't get in my face trash is trash AHHHH....trash is trash bronzing the garbage there was a time I was impressed through all the garbage it's still not you that I detest I hate the way you can't forget, I hate it so bronze what you want but you've got to let it go have I got your attention? there's more that you should know there's more I've got to mention you've got to let it go have I got your attention? there's more that you should know there's more I've got to mention you've got to let it go
