

The Mission, Celebration

Let's dance around in circles
Let's dance around the maypole
Let's welcome the season
Let's celebrate Mama Nature's bountiful soul
Let's feast at her banquet
Give thanks and let the good times roll
Come on and join hands
Come on with me and my May Queen
Come and bang your drum
Come and shake your ass and tambourine
Rejoice and let's get merry
Come on and let's dig this scene
Let's all come together on this celebration day
