

# The Moody Blues, Please Think About It

There in your eyes I see  
That you want to be free  
There by your side I'll be  
If you still want me.

Please think about it.  
I need your love  
I'm no good without it.  
Please think about it.  
Give me your love  
I can't live without it.

Oh no  
Never leave my side  
Baby please decide  
I'm in love with you  
I hope you want me too.  
Don't go  
Say there's nothing wrong  
Stay where you belong  
I'll be good to you  
That's all I want to do

Please think about it  
I need your love  
I'm no good without it.  
Please think about it  
Give me your love  
I can't live without it.

Oh no  
Never leave my side  
Baby please decide  
I'm in love with you  
I hope you want me too  
Don't go  
Say there's nothing wrong  
Stay where you belong  
I'll be good to you  
That's all I want to do.

So if you have to go  
I won't stand in your way  
But if you decide to stay  
I will be your guy

Please think about it  
I need your love  
I'm no good without it.  
Please think about it  
Give me your love  
I can't live without it.

Oh no  
Don't go.
