

The Motorhomes, I Wanna Make You Sing

Im standing here
Next to you
Wondering if
This time I might pass
As something else, something more
Not a friend
Im not your friend
I wanna make you sing
Ill tell you everything
If I can make you sing
Id give anything
Just to hear you sing
I wanna make you sing
I wanna make you sing
Im so sorry
I made you worry
I wasnt sane
I acted like a mad man
But I couldnt stand
Your proposition
Let us just be friends
Im not your friend
But Im not that lucky
Im never that lucky
